Collegiate *recycled rubber*

Collegiate is a high-performance recycled rubber flooring suitable for almost any workout area. Slip resistant, sound and shock absorbent, durable, comfortable underfoot and easy to maintain, Collegiate can handle heavy weights and equipment. As the name implies, Collegiate was created with school colors in mind. Skive/knife marks from the manufacturing process are inherent. Collegiate is PVC FREE, Declare Label Red List Free, FloorScore certified, EPD verified and listed on mindful MATERIALS.

Collegiate Formats:

8mm Rolls, 24" x 24" nominal Interlocking tile & 24" x 24" x 1" XL tiles (minimums will apply)

The Collegiate XL tile offers a Collegiate rubber top layer vulcanized to a recycled rubber backing. As a 1" thick tile, Collegiate XL provides superior durability, comfort and force reduction with an attractive visual. The Collegiate XL tile installation is simplified by using the XL Block System, requiring minimal adhesive and allowing the tiles to float. Collegiate XL is ideal for a variety of commercial spaces where a durable, flexible and sustainable product is desired.
