

Cork flooring in Multi & Single-Family Housing

WHERE *sustainability* MEETS *style*

Capri Collections offers a diverse range of high-quality cork flooring solutions designed to meet the demands of modern residential environments. Capri's Meditterra 2.0 glue-down cork and Eco-Clicks floating cork are PVC FREE, Declare Label Red List Free, GREENGUARD Gold certified and listed on mindful MATERIALS — ensuring sustainability with style. With the versatility of Capri's cork flooring products, we can provide comfort, acoustics, safety, and long-term performance in both multi-family developments and single-family homes.

CORK IS SUITABLE FOR: Multi & single-family -- Living rooms, bedrooms, kitchens and hallways – where comfort, quiet, safety and durability matter.

Eco-Clicks

Meditterra 2.0

In today's residential environments, performance is about more than durability—it's about how flooring supports everyday life. Capri's cork flooring is designed to enhance daily living with natural comfort, acoustic control, and long-term resilience. In multi-family settings, cork helps reduce noise transfer between units and floors, creating quieter, more private living spaces. In single-family homes, it delivers a comfortable, supportive surface that adapts to the flow of life. From active households with pets and children to homes designed for aging in place, cork delivers a naturally healthy and safe flooring solution.

Meditterra 2.0

Eco-Clicks

KEY BENEFITS OF MEDITERRA 2.0 AND ECO-CLICKS CORK:

Cork's **closed cell structure** enables it to compress and recover quickly and this closed cell structure is what makes cork flooring durable and able to be installed in high traffic areas.

Since cork is **50% air by volume**, it is an excellent sound insulator. Mediterra 2.0 ASTM C423 test results have a NRC of 0.05 and Eco-Clicks ASTM E2179 test results have a Delta IIC rating of 24.

Mediterra 2.0 and Eco-Clicks comes **pre-finished with 5 coats of Capri's proprietary TLP+ commercial grade urethane**. No need for site applied finish.

Cork is **naturally antimicrobial & anti-fungal**.

Ask us about FSC® certified cork.
