

Cork flooring in the WORKPLACE

WHERE *sustainability* MEETS *style*

Capri Collections offers a diverse range of high-quality cork flooring solutions designed for the commercial sector. Capri's Meditterra 2.0 glue-down cork and Eco-Clicks floating cork are PVC FREE, Declare Label Red List Free, GREENGUARD Gold certified and listed on mindful MATERIALS — ensuring sustainability with style. With the versatility of Meditterra 2.0 and Eco-Clicks cork flooring, designers can create work environments that prioritize comfort, acoustics, durability, and long-term performance in multiple spaces.

CORK IS SUITABLE FOR: office spaces, conference rooms, collaborative zones, private offices, wellness rooms, add corridors, common areas and more.

Meditterra 2.0

Meditterra 2.0

Cork flooring is a high-performance flooring solution for today's evolving workplace – and the demand is growing. From well-known corporate giants and regional firms to single office studios, cork flooring is being chosen across many industries. Durable and easy to maintain, cork flooring is built to enhance the way people work. It reduces ambient noise, supports wellness, and brings a refined, modern aesthetic to both expected and unexpected spaces. The result is a quieter, more balanced environment where productivity and well-being go hand in hand.

Meditterra 2.0 Presence Health

FSC® certified Eco-Clicks SERA Architects, Portland

KEY BENEFITS OF MEDITERRA 2.0 AND ECO-CLICKS CORK:

Cork's **closed cell structure** enables it to compress and recover quickly and this closed cell structure is what makes cork flooring durable and able to be installed in high traffic areas.

Since cork is **50% air by volume**, it is an excellent sound insulator. Mediterra 2.0 ASTM C423 test results have a NRC of 0.05 and Eco-Clicks ASTM E2179 test results have a Delta IIC rating of 24.

Mediterra 2.0 and Eco-Clicks comes **pre-finished with 5 coats of Capri's proprietary TLP+ commercial grade urethane**. No need for site applied finish.

Cork is **naturally antimicrobial & anti-fungal**.

Mediterra 2.0 Friedrich Air Conditioning

Eco-Clicks SERA Architects

MEDITERRA 2.0 *glue-down tile*

ADDITIONAL BENEFITS:

- Cork tile qualifies for purchase under the Buy American Act
- Installing Mediterra 2.0 with Gold Series WC 1000 adhesive allows for immediate use after installation

ECO-CLICKS *floating cork*

ADDITIONAL BENEFITS:

- Since Eco-Clicks is a glueless* floor, it allows for immediate use after installation
- SERA Architects chose to glue down Eco-Clicks – Contact support@capricollections.com about glueing down Eco-Clicks

As history has proven, well maintained cork floors can last decades

Why cork?

Naturally durable, insulating, antimicrobial and rapidly renewable — cork is a smart, sustainable choice for modern interiors.
