Stratosphere, Air, Pressure and Atmosphere patterns contain a single design with no variations from tile to tile. Sphere* and Sky* patterns each have a number of variations as shown below.

Sphere offers 14 pattern variations as shown below:

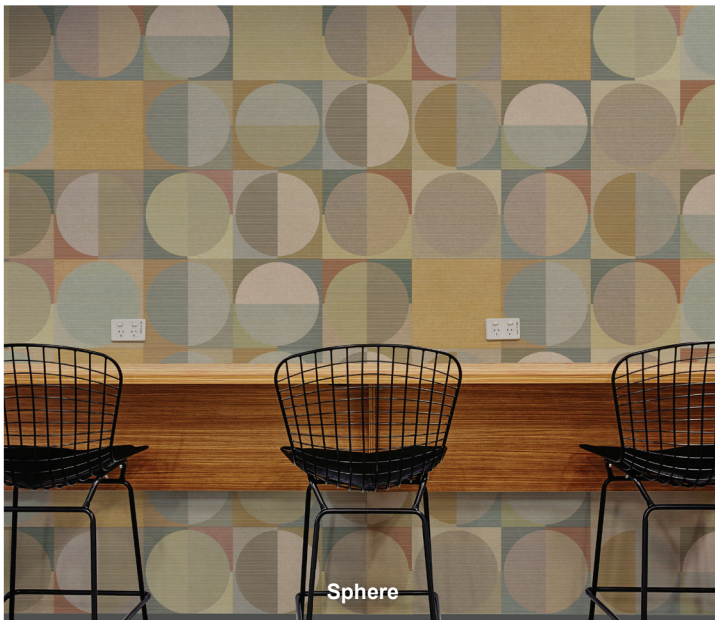

With a carton size of 88 tiles, each carton will include 6 tiles of the 14 patterns plus 4 random tiles.

Sky offers 16 pattern variations as shown below:

With a carton size of 88 tiles, each carton will include 5 tiles of the 16 patterns plus 8 random tiles.

Fresh comes prefinished with a commercial-grade water-based finish. Cork is a natural material; shade variations are inherent. Fresh patterns are not intended to line up. UV rays can fade cork. Proper window UV films shall be used to diminish this effect. Using Fresh as a tackable surface may, overtime, magnify the visibility of the tack indentations on the digital print.

Cork is a naturally versatile, durable, insulating, antimicrobial & anti-fungal rapidly renewable raw material.
