Twist rubber

Inspired by the success of AND/OR, Twist was created to offer another unique, cutting-edge rubber flooring option. Using multiple sizes of rubber granules with color combinations from vibrant to subtle, Twist includes contrasting speckled colors, rich saturated colors and refined neutrals. Twist is durable, can handle heavy rolling loads, offers comfort underfoot and good sound absorption for commercial installations. Twist requires 2 coats of a site-applied finish after installation and once applied, can be easily maintained; refer to Twist Care & Maintenance documents.

Twist Standard Formats:

- 3.2mm 4' x 25' Rolls
- 8.2mm (double layer installation, 3.2mm over 5mm)
- 12.2mm (double layer installation, 3.2mm over 9mm)

Twist Nonstandard Formats:

- 3.2mm: 24" x 24" Square edge tiles (incremental minimums will apply)*

**Tile lots yield 232 sf; installations over 232 sf will consist of multiple lots and shall be designed accordingly.*

- 2' x 2' x 1" Twist XL tiles (minimums will apply)

The Twist XL tile offers a Twist rubber top layer vulcanized to a recycled rubber backing. As a 1" thick tile, Twist XL provides superior durability, comfort, and force reduction with an attractive visual.
